

We build strong kids, strong families, strong communities.

**BEFORE AND AFTER SCHOOL CHILD CARE AVAILABLE TO ALL
TEAYS VALLEY ELEMENTARIES**

YMCA School Age Child Care programs offer a safe, nurturing environment for your child before and after school. We offer a variety of activities including arts and crafts, science, large motor activities, drama, and much more!

Child Care for your child is available from 6am until school starts and immediately after school until 6pm any day that school is in session. Ashville Elementary families needing child care will be able to use our transportation and care will be provided at Walnut Elementary. We are available on site during 2 hour delays but we are not open at the schools when school is cancelled. We do offer care on Snow Days at the Pickaway County YMCA. Transportation is not available for our Snow Day program.

We focus on homework time, offering a minimum of 30 minutes of quiet reading and homework time where help is available to your child. We also focus on health and fitness. By participating in our Y Kids R Fit program your child will learn healthy habits including fitness, nutrition, and overall well being.

We promote a caring environment where children are encouraged to use their imagination while building social and interactive skills. Fees for this program are due on a bi-monthly basis.

Financial assistance is available

We also offer a program for your child when school is not in session. Our School Day Off program is held at the Pickaway County YMCA and offers care for your child all day from 6am-6pm.
